GLOBAL REACH PARTNERS LIMITED

STRATEGIC REPORT
FOR THE YEAR ENDED 30 JUNE 2025

Introduction

The directors present their strategic report. The results of the Company are reported under Financial Reporting Standard 101 'Reduced Disclosure Framework,' which is the applicable financial reporting standard for UK companies applying the recognition and measurement criteria of International Financial Reporting Standards.

Business review

Following the acquisition of the Company's ultimate parent by Corpay, Inc., and the subsequent transfer of the Company's trading and operating activities to related companies on 21 April 2023, the Company no longer undertakes trading operations. The Company continues to hold funds on behalf of a former client, and these amounts will remain in place until the matter is fully resolved.

During the year, the Company entered into a number of transactions:

- On 26 February 2025, the Company issued 100 ordinary shares of £0.01 each at a premium to Project Galaxy Bidco Limited for a total consideration of £141,049.
- On 27 February 2025, the Company undertook a share capital reduction to convert its share capital and share premium to distributable reserves.
- On 28 February 2025, the Company declared a dividend to its Parent Company, Project Galaxy Bidco Limited, amounting to £15,871,439.
- On 28 February 2025, the Company declared a dividend to its Parent Company, Project Galaxy Bidco Limited, amounting to £93,517,948 in respect of the entire issued capital of the Company.
- On 14 March 2025, the Company transferred its entire issued capital from Project Galaxy Bidco Limited to Corpay, Inc.

Principal risks and uncertainties

The directors have carried out a robust assessment of the principal risks facing the Company. Systems and controls are in place to manage and mitigate risks. As the Company is no longer conducting active business operations and is primarily responsible for holding and safeguarding client funds until the outstanding matters are fully resolved, the nature of its risks has changed significantly.

The Company's key risks now relate principally to the safeguarding of client funds, regulatory compliance, and the orderly management of remaining obligations. The directors continue to ensure that appropriate systems and controls are maintained to manage and mitigate these risks.

The Company retains a governance structure aligned with its Risk Management Framework, including clearly defined roles for oversight and assurance. Although the Company is no longer operational, elements of the 'three lines of defence' model continue to function proportionately to monitor risk, maintain compliance, and ensure the integrity of client fund management.

Risks and related controls are periodically reassessed in light of the Company's limited activities and responsibilities. Where risks are identified that fall outside the Company's tolerance levels, or where enhancements to the control environment are required, the directors take appropriate remedial actions to ensure that the safeguarding and oversight of client funds remain robust until the Company's affairs are fully wound down or otherwise resolved.

Client credit risk

Credit risk represents the loss that the Company would incur if a client failed to meet its contractual obligations. The Company's exposure to credit risk is limited as the only financial asset recognised on the balance sheet is an intercompany receivable due from a fellow group undertaking. The directors consider the credit risk associated with this balance to be low, as the counterparty is a related party within the Corpay group with a history of timely settlement and sufficient financial capacity to meet its obligations when due.

Liquidity risk

Liquidity risk is defined as the risk that the Company, although solvent, either does or does not have sufficient available resources to enable it to meet its obligations as they fall due, or can secure them only at excessive cost. The Company acknowledges that it is imperative to continue to maintain liquidity, to ensure that the Company is able to meet its obligations as they fall due.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

Principal risks and uncertainties (continued)

Liquidity risk (continued)
The Company does not hold liquid cash. Its primary financial liabilities relate to customer deposits, which are backed by an equivalent amount of restricted cash held solely for the purpose of settling those obligations. As a result, the liquidity risk associated with customer deposits is considered low. For any other obligations, the Company relies on the financial support of a related party, which has confirmed its intention to provide funding as required to enable the Company to settle such liabilities as they arise. The directors consider this support to be sufficient to mitigate the Company's liquidity risk. Given the Company's non-operational status, absence of external creditors, and the availability of related party support for any other liabilities, the directors assess the Company's overall exposure to liquidity risk as low.

Regulatory risk
The risks of changing legislation, regulation, policies, voluntary codes of practice and their interpretation in the FX markets in which we operate can have a significant impact on the Company's operations, costs, liquidity and capital requirements evolving and imposes significant demands on its resources.

Operational risk
Operational risks are inherent in the Company's business as it depends on the ability to process complex transactions efficiently and accurately. Operational risk is defined as any instance where there is potential or actual impact resulting from failed internal processes, people, systems or from external events. The impacts can be financial as well as non-financial such as customer detriment, reputational or regulatory consequences.

The Company has policies and procedures to mitigate operational risk which are reviewed on an ongoing basis. The operational risk framework is designed to provide a well-controlled environment to minimise operational risks.

Going Concern
The Directors have considered the Company's latest financial results and balance sheet position in their going concern assessment. The Company has obtained letter of support from the Company's affiliate, Cambridge Mercantile Corp., a company incorporated under the *Business Corporations Act* (Ontario) confirming that financial support will be provided to enable the Company to meet its obligations as they fall due, for a period of at least 12 months from the date of approval of the financial statements.

In forming an assessment of the Company to continue as a going concern, the Directors have identified the following material uncertainties:

- In 2023, the Group has undergone restructuring and transferred the trading and operating activities of the Company to related companies of Corpay, Inc. and ceased operating its principal business.
- There is an ongoing assessment on the legal entity rationalisation with the objective to close the Company, however, the timing is uncertain.

These events and conditions indicate that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Having reviewed these events, the Directors have considered the following mitigating factors and determined that the going concern basis is still appropriate as:

- The Company continues to maintain and protect the restricted cash until the release process is fully completed.
- The directors have obtained a letter of support from the Company's affiliate, Cambridge Mercantile Corp., a company incorporated under the *Business Corporations Act* (Ontario). The letter confirms that for a period of twelve months from the date of approval of the balance sheet, Cambridge Mercantile Corp. will provide financial support to the Company to assist in meeting its obligations as they fall due.
- Although there is an ongoing assessment on the legal rationalisation of the Company, the Directors do not consider management's intention to unwind the Company to be imminent as of the date of the approval of the financial statements. However, a decision to close the Company could be made if the assessment is completed within the period.

Consequently, the Directors believe that it is appropriate to prepare the financial statements on a going concern basis.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

Financial key performance indicators

Following the transfer of the Company's business and operating activities to related parties, the Company no longer undertakes trading operations and therefore does not monitor traditional operational or financial performance indicators such as revenue, gross margin, or operating profit.

The Company's financial performance is now primarily influenced by the management of residual balances, including the funds held on behalf of a former client, and by group-related financing and capital transactions. As such, the directors consider that financial key performance indicators are not meaningful for the Company in its current non-operational state.

The directors continue to monitor the Company's net asset position and liquidity, which together represent the key financial considerations for the remaining life of the Company.

GLOBAL REACH PARTNERS LIMITED

DIRECTORS' REPORT
FOR THE YEAR ENDED 30 JUNE 2025

The directors present their report and the financial statements for the year ended 30 June 2025.

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation. Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 'Reduced Disclosure Framework', and applicable law).

Under company law, directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- Select suitable accounting policies and then apply them consistently.
- State whether applicable United Kingdom Accounting Standards, comprising FRS 101 have been followed, subject to any material departures disclosed and explained in the financial statements.
- Make judgements and accounting estimates that are reasonable and prudent.
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Principal activity

Following the acquisition of the Company's Ultimate Parent by Corpay, Inc on 3 January 2023, and the subsequent transfer of the Company's trading and operating activities to related companies on 21 April 2023, the Company will continue to maintain and protect the restricted cash until the release process is fully completed.

At present, management is unable to estimate the timing of the resolution. The Company will continue to maintain appropriate control over these restricted cash in accordance with regulatory and contractual requirements until the matter is fully closed.

Results and dividends

The profit for the year, after taxation, amounted to £2,516k (for the period from 1 January 2023 to 30 June 2024 (restated): £81,461k).

During the period, dividend £109,389k (2024: nil) was declared and paid to Project Galaxy Bidco Limited. The directors do not recommend payment of a final dividend.

Directors

The directors who served during the year were:

N Cheema
T Watson

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

Financial instruments

The Company's financial instruments comprise restricted cash and various receivables and payables that arise directly from its operations.

Future developments

Following the acquisition of the Company's Ultimate Parent by Corpay, Inc. on 3 January 2023, and the subsequent transfer of the Company's trading and operating activities to related companies on 21 April 2023, the Company will continue to maintain and protect the restricted cash until the release process is fully completed.

At present, management is unable to estimate the timing of the resolution. The Company will continue to maintain appropriate control over these funds in accordance with regulatory and contractual requirements until this restricted cash release process is fully completed.

This report was approved by the board on 3 February 2026 and signed on its behalf.

Matters covered in the strategic report

The Board is responsible for identifying principal risks and for proposing suitable mitigating strategies. This has been addressed in the Strategic report, along with a full review of the position and performance of the Company and expected future developments.

Disclosure of information to auditor

The directors confirmed that:

- so far as the directors is aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the directors have taken all the steps that ought to have been taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Post balance sheet events

On 27 August 2025, the Company issued 1 ordinary share of £0.01 each at a premium to Corpay, Inc for a total consideration of £3,564,412.

On 29 September 2025, the Company entered into a settlement agreement with Protigon Property Services Limited in respect of dilapidation costs amounting to £160,000. The dilapidation cost was settled and paid by CMC UK, a related party, on behalf of the Company.

No other significant events occurred after the reporting date and prior to the issuance of the financial statements that would have a material impact to the financial statements of the Company.

Auditor

The auditor, Grant Thornton UK LLP, was appointed as auditor under sections 485-488 of the Companies Act 2006. The auditor, Grant Thornton UK LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board on 3 February 2026 and signed on its behalf.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GLOBAL REACH PARTNERS LIMITED

Opinion

We have audited the financial statements of Global Reach Partners Limited (the 'company') for the year ended 30 June 2025, which comprise the statement of comprehensive income, the balance sheet, the statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

In our opinion:

- the financial statements give a true and fair view of the state of the company's affairs as at 30 June 2025 and of its profit for the year then ended;
- the financial statements have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty related to going concern

We draw attention to note 2.4 in the financial statements, which indicates that the Global Reach Group Holdings (Jersey) Limited and its subsidiary companies, which includes the company, has undergone restructuring and ceased operating its principal business. There is an ongoing assessment to close the company, however, the timing is uncertain. As stated in note 2.4, these events or conditions, indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our responsibilities

We are responsible for concluding on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the company to cease to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

Other information

The other information comprises the information included in the annual report and financial statements, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report and financial statements. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the responsibilities of directors set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below:

- We obtained an understanding of the legal and regulatory frameworks applicable to the Company and the industry in which it operates. We identified areas of laws and regulations that could reasonably be expected to have a material effect on the financial statements from our sector experience and through discussion with the directors and management. We determined that the most significant laws and regulations were the Payment Services Regulations 2017 and applicable Financial Services and Markets Act 2000 (FSMA 2000) legislation and those that relate to the financial reporting framework, being United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' and the Companies Act 2006, together with UK tax legislation.

- We enquired of the directors and management including legal, compliance and risk to obtain an understanding of how the Company is complying with those legal and regulatory frameworks, whether there were any instances of non-compliance with laws and regulations and whether they had any knowledge of actual or suspected fraud. We corroborated the results of our enquiries through our review of the minutes of the Company's board and audit committee meetings, inspection of the complaints register and inspection of legal and regulatory correspondence.

- We assessed the susceptibility of the Company's financial statements to material misstatement, including how fraud might occur by evaluating management's incentives and opportunities for manipulation of the financial statements. This included an evaluation of the risk of management override of controls. Audit procedures performed by the engagement team in connection with the risks identified included:
  - evaluation of the design and implementation of controls that management has put in place to prevent and detect fraud;
  - testing journal entries, including manual journal entries processed at the year-end for financial statements preparation; and
  - challenging the assumptions and judgements made by management in its significant accounting estimates.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.
- The engagement partner's assessment of the appropriateness of the collective competence and capabilities of the engagement team included consideration of the engagement team's:
  - understanding of, and practical experience with, audit engagements of a similar nature and complexity, through appropriate training and participation;
  - knowledge of the industry in which the Company operates; and
  - understanding of the legal and regulatory frameworks applicable to the Company.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

- We communicated relevant laws and regulations and potential fraud risks to all engagement team members, including internal specialists, and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.
- In assessing the potential risks of material misstatement, we obtained an understanding of:
  - the entity's operations, including the nature of its revenue sources, products and services and of its objectives and strategies to understand the classes of transactions, account balances, expected financial statement disclosures and business risks that may result in risks of material misstatement;
  - the rules and interpretative guidance issued by the Financial Conduct Authority.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1. General information

Global Reach Partners Limited is a private company limited by shares, incorporated under the Companies Act 2006 and registered in England and Wales. The Company's registered address is as follows: 4th Floor 8-10 Moorgate, London, EC2R 6DA.

Until April 2023, the principal activity of the Company to be that of foreign exchange and payment services provider. Following the restructuring of the Group, The Company continues to hold funds on behalf of a former client, and these amounts will remain in place until the matter is fully resolved.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared under the historical cost convention, except for the revaluation of derivative financial instruments, and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

The financial statements have been presented in round thousands (£'000) and in Sterling (£), the Company's functional and presentational currency, which is the currency of the primary economic environment in which the Company operates.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies.

As the entity is defined as a financial institution under FRS 101, the entity has complied with the requirements of IFRS 7 Financial Instruments: Disclosures and IFRS 13 Fair Value Measurement.

The Company has taken advantage of some of the available disclosure exemptions permitted by FRS 101 in the financial statements, the most significant of which are summarised below.

2.2 Financial reporting standard 101 - reduced disclosure exemptions

The Company has taken advantage of the following disclosure exemptions under FRS 101:

- certain comparative information as otherwise required by EU endorsed IFRS;
- the effect of future accounting standards not yet adopted;
- the requirements of IAS 7 Statement of Cash Flows;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member;
- The requirements of paragraph 110 and paragraphs 113(a), 114, 115, 118, 119(a) to (c), 120 to 127 and 129 of IFRS 15 Revenue from Contracts with Customers;
- the disclosure of the remuneration of key management personnel.;

2.3 Parent Company

The Company is a wholly owned subsidiary of Corpay, Inc. This Company is included in the consolidated financial statements of the Group, which are publicly available and may be obtained from the offices of Corpay, Inc.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

2. Significant accounting policies (continued)

2.4 Going concern

The Directors have considered the Company's latest financial results and balance sheet position in their going concern assessment. The Company has obtained letter of support from the Company's affiliate, Cambridge Mercantile Corp., a company incorporated under the *Business Corporations Act* (Ontario) confirming that financial support will be provided to enable the Company to meet its obligations as they fall due, for a period of at least 12 months from the date of approval of the financial statements.

In forming an assessment of the Company to continue as a going concern, the Directors have identified the following material uncertainties:

- In 2023, the Group has undergone restructuring and transferred the trading and operating activities of the Company to related companies of Corpay, Inc. and ceased operating its principal business.
- There is an ongoing assessment on the legal entity rationalisation with the objective to close the Company, however, the timing is uncertain.

These events and conditions indicate that a material uncertainty exists that may cast significant doubt on the entity's ability to continue as a going concern. Having reviewed these events, the Directors have considered the following mitigating factors and determined that the going concern basis is still appropriate as:

- The Company continues to maintain and protect the restricted cash until the release process is fully completed.
- The directors have obtained a letter of support from the Company's affiliate, Cambridge Mercantile Corp., a company incorporated under the *Business Corporations Act* (Ontario). The letter confirms that for a period of twelve months from the date of approval of the balance sheet, Cambridge Mercantile Corp. will provide financial support to the Company to assist in meeting its obligations as they fall due.
- Although there is an ongoing assessment on the legal rationalisation of the Company, the Directors do not consider management's intention to unwind the Company to be imminent as of the date of the approval of the financial statements. However, a decision to close the Company could be made if the assessment is completed within the period.

Consequently, the Directors believe that it is appropriate to prepare the financial statements on a going concern basis.

2.5 Turnover

Where the Company enters a foreign exchange transaction with its clients, the Company also enters into separate contracts with its banking counterparts.

Turnover is recognised on a trade date accounting basis as the difference between the price agreed with the client and the price transacted with the banking counterparts.

2.6 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

2. Significant accounting policies (continued)

2.7 Debtors

Short-term debtors are measured at transaction price. Loans receivables are measured initially at fair value, gross of transaction costs.

The carrying value of short-term debtors are deemed to be approximate to their fair value.

2.8 Creditors

Creditors include obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors, except for derivative financial instruments, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method.

The carrying value of short-term creditors are deemed to be approximate to their fair value.

2.9 Cash and cash equivalents

Cash is represented by cash in hand, deposits with financial institutions repayable without penalty on notice of not more than 24 hours and highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

2.10 Restricted cash

Restricted cash represents cash held to fund customer liabilities and collateral received. These balances have either a regulatory restriction for use in accordance with local legislation or operational restriction as the Company awaits customers' instructions for their use.

The Company maintains a corresponding liability in connection with these amounts that is included in creditors in the balance sheet.

Collateral cash balances collected from customers are utilised for the collateral that the Company places with counterparties.

2.11 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument.

Financial assets are initially recognised at fair value. Financial liabilities are initially recognised at fair value, representing the proceeds received net of premiums, discounts and transaction costs that are directly attributable to the financial liability. Financial assets and liabilities are only offset and the net amount reported in the Balance Sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Financial assets
The Company classifies its financial assets into one of the categories discussed below, depending on the purpose for which the asset was acquired. The Company's accounting policy for each category is as follows:

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

2. Significant accounting policies (continued)

2.11 Financial instruments (continued)

Amortised cost
These assets arise principally from the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method, less provision for impairment.

Impairment provisions for current and non-current receivable assets are recognised using the simplified approach as required by IFRS 9. A provision matrix is used to determine the lifetime expected credit loss of the assets held at amortised cost. Probability of non-payment and the expected loss arising from default are assessed to determine whether a lifetime expected credit loss should be recognised against the receivable assets. The Company considers a receivable to be in default when the borrower is unable to pay its contractual obligations in full.

Impairment provisions for receivables from related parties and loans to related parties are recognised based on a forward-looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether there has been a significant increase in credit risk since initial recognition of the financial asset. For such assets, where the credit risk has not increased significantly since initial recognition, a twelve-month expected credit loss is recognised. For financial assets where credit risk has increased significantly, a lifetime expected credit loss is recognised.

Evidence that there has been a significant increase in credit risk since initial recognition is observed from verifiable data, indicating significant financial difficulty of the borrower. Significant financial difficulty would include default under a contractual obligation, or when it is probable that the borrower will enter bankruptcy.

The Company's financial assets measured at amortised cost comprise intercompany receivables in the Balance Sheet.

Financial liabilities
All financial liabilities, other than those classified as fair value through profit or loss, are measured at amortised costs using the effective interest rate method.

Other financial liabilities
Other financial liabilities are initially recognised at fair value net of any transaction costs directly attributable to the issue of the instrument. Such interest-bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried in the Balance Sheet. For the purposes of each financial liability, interest expense includes initial transaction costs and any premium payable on redemption, as well as any interest or coupon payable while the liability is outstanding.

Trade payables and other short-term monetary liabilities, which are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

2.12 Foreign currency translation

Foreign currency transactions are translated into the functional currency using the spot exchange rate at the dates of the transactions.

Monetary assets and liabilities in foreign currencies are translated at the rates of exchange ruling at the balance sheet date.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of comprehensive income.

2.13 Finance costs

Finance costs are charged to the statement of comprehensive income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.14 Interest income

Interest income is recognised in the statement of comprehensive income using the effective interest method.

2.15 Provisions for liabilities

Provisions are made where an event has taken place that gives the Company a legal or constructive obligation that probably requires settlement by a transfer of economic benefit, and a reliable estimate can be made of the amount of the obligation.

Provisions are charged as an expense to the statement of comprehensive income in the year that the Company becomes aware of the obligation, and are measured at the best estimate at the balance sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.

When payments are eventually made, they are charged to the provision carried in the balance sheet.

2.16 Taxation

Tax is recognised in the statement of comprehensive income, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company operates and generates income.

Deferred taxation is calculated using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax liabilities are provided in full and are not discounted.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

2.16 Taxation (continued)

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Changes in deferred tax assets or liabilities are recognised as a component of tax expense in the statement of comprehensive income, except where they relate to items that are charged or credited directly to equity in which case the related deferred tax is also charged or credited directly to equity.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

2.17 Changes in accounting policies

New standards, interpretations and amendments effective for the year ended 30 June 2025

There were no new standards effective for the period ended 30 June 2025 that were relevant to the Company.

3. Judgements in applying accounting policies and key sources of estimation uncertainty

In preparing these financial statements, management is required to make judgements, estimates, and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Management has evaluated whether any significant judgements were required in applying the Company's accounting policies during the year.

Management has concluded that no significant judgements were required in the preparation of these financial statements for the year ended 30 June 2025.

4. Restatement of prior year statement of comprehensive income and balance sheet

The statement of comprehensive income for the period from 1 January 2023 to 31 July 2024 and the balance as at 31 July 2024 have been restated due to an overstatement of administrative expenses and understatement of debtors amount falling due within one year amounting to £76k. This relates to the over-accrual of advertising expense that is settled by a related party on behalf of the Company.

Effect on the statement of comprehensive income for the period from 1 January 2023 to 31 July 2024 and balance sheet as at 31 July 2024.

	Before restatement 2024 £000	Restatement £000	After restatement 2024 £000
Administrative expenses	(8,432)	76	(8,356)
Profit for financial period	81,385	76	81,461
Debtors: amounts falling due within one year	37,007	76	37,083
Profit or loss account	92,334	76	92,410

Due to the change the comparative figures, the following have been restated: statement of comprehensive income, balance sheet, statement of changes in equity including the disclosure notes (Note 5 'Turnover', Note 15 'Debtors: amounts falling due within one year', Note 19 'Financial Instruments', Note 20 'Financial risk management policies and objectives' and Note 26 'Related party transactions').

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

5. Turnover

An analysis of turnover by class of business is as follows:

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Foreign currency transactions	-	6,688
Transaction charges	-	878
	-	7,566

All turnover in the prior period were generated in the United Kingdom.

6. Operating profit/(loss)

The operating profit/(loss) is stated after charging:

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Depreciation of tangible fixed assets	-	994
Amortisation of intangible assets	-	714
Impairment of financial assets	-	31
Defined contribution pension cost	-	88

Administrative expenses include other income amounting to £461k, comprising a business rate refund, professional fees refund and write-off of trade payables.

7. Gain on business transfer

On 21 April 2023, the Company as the Seller entered a Business Transfer Agreement ("BTA") with related parties, Cambridge Mercantile Corp (UK) Ltd, Associated Foreign Exchange Ireland Limited and Cambridge Mercantile Corp. (USA) as the Purchasers. The Company transferred its business assets and business liabilities for a total consideration of £89.92 million and generated a gain on this transfer amounting to £77.79 million which represents the difference between the total consideration received and the net book value of business assets and business liabilities transferred.

8. Auditor's remuneration

In the current reporting year, the Company incurred audit fees of £22k (2024: £44k). During the prior period, the Company also incurred tax advisory and compliance fees of £6k (2024: £5k).

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

9. Staff costs

Staff costs, including directors' remuneration, were as follows:

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Wages and salaries	-	4,987
Social security costs	-	281
Capitalised staff costs	-	(4)
Pension costs	-	88
	-	5,352

Staff costs are included in both Cost of Sales and Administrative Expenses.

The average monthly number of employees, including the directors, during the year/period was as follows:

	30 June 2025 No.	For the period from 1 January 2023 to 30 June 2024 No.
Sales	-	34
Management and administration	2	40
	2	74

10. Directors' remuneration

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Directors' emoluments	-	481
Directors pension costs	-	12
	-	493

The highest paid director received remuneration during the year is nil (2024: £104k).

The value of the Company's contributions paid to a defined contribution pension scheme in respect of the highest paid director amounted is nil (2024: £9k).

11. Interest receivable

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Interest on notes receivable	**4,572**	8,905
Bank and other interest receivable	**-**	250
	4,572	9,155

12. Interest payable and similar expenses

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Interest on note payable	**458**	867
Finance leases and hire purchase contracts	**-**	99
	458	966

13. Taxation

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Corporation tax		
Current tax on profits for the period	**1,129**	321
Adjustments in respect of previous periods	**868**	-
	1,997	321
Total current tax	**1,997**	321
Deferred tax		
Temporary timing differences	**-**	-
Realisation of temporary timing differences	**-**	265
Effect of tax rate change on opening balance	**-**	-
Total deferred tax	**-**	265
Taxation on profit on ordinary activities	**1,997**	586

13. Taxation (continued)

Factors affecting tax charge for the period
The tax assessed for the year is lower than the standard rate of corporation tax in the UK of 25.00% (2024: 25.00%). The differences are explained below:

	30 June 2025 £000	For the period from 1 January 2023 to 30 June 2024 £000
Profit on ordinary activities before tax	**4,513**	81,971
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 25.00% (2024 - 25.00%)	**1,129**	20,493
Effects of:		
Expenses not deductible for tax purposes	**-**	69
Capital allowances for year in excess of depreciation	**-**	(145)
Other tax adjustments, reliefs and transfers	**-**	306
Adjustments to tax charge in respect of prior periods	**868**	265
Non-taxable income	**-**	(19,448)
Research and development expenditure	**-**	(52)
Group relief	**-**	(902)
Total tax charge for the period	**1,997**	586

Tax Pillar Two

In December 2021, the Organization for Economic Cooperation and Development ("OECD") enacted model rules for a new global minimum tax framework ("BEPS Pillar Two"), which generally provide for a minimum effective tax rate of 15%. Various governments around the world have enacted, or are in the process of enacting, legislation on this, with certain enactments becoming effective for tax years beginning 1 January 2024. We have performed an assessment of the Group's potential exposure to Pillar Two income taxes. This assessment is based on the most recent information available regarding the financial performance of the constituent entities in the Group. Based on the assessment performed, the Pillar Two effective tax rates in most of the jurisdictions in which the Group operates are above 15%. There are a limited number of jurisdictions (being Ireland and Jersey) where the Pillar Two effective tax rate is below 15%. However, the Group does not expect a material exposure to Pillar Two top-up taxes in those jurisdictions.

14. Dividends

	2025 £000	2024 £000
Dividend	**109,389**	-

On 28 February 2025, the Company declared a dividend to its former Parent Company, Project Galaxy Bidco Limited, amounting to £15,871,439. On the same date, the Company also declared a dividend to Project Galaxy Bidco Limited, amounting to £93,517,948 in respect of the entire issued capital of the Company.

15. Debtors

	2025 £000	Restated 2024 £000
Due within one year		
Trade debtors	-	10
Amounts owed by group undertakings (note 26)	**860**	36,816
Prepayments and accrued income	-	257
	860	37,083

16. Cash and cash equivalents and restricted cash

	2025 £000	2024 £000
Cash and cash equivalents	-	482
Restricted cash	**5,579**	5,613
	5,579	6,095

17. Creditors: Amounts falling due within one year

	2025 £000	2024 £000
Trade creditors	**5,597**	5,789
Amounts owed to group undertakings (note 26)	-	3,524
Corporation tax	-	383
Accruals	**423**	423
	6,020	10,119

Trade Creditors includes client cash held on account.

18. Creditors: Amounts falling due after more than one year

	2025 £000	2024 £000
Note payable	-	8,740
	-	8,740

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

19. Financial instruments

	2025 £000	Restated 2024 £000
Financial assets		
Financial assets held at amortised cost	**860**	37,083
	860	37,083
Financial liabilities		
Financial liabilities held at amortised cost	**(6,020)**	(19,363)
	(6,020)	(19,363)

Financial assets held at amortised cost comprise trade and other debtors, amounts owed by group undertakings and prepayments. Taxation receivables are excluded.

Financial liabilities measured at amortised cost comprise trade creditors, other creditors, amounts due to group undertakings and accrued liabilities. Taxation liabilities are excluded.

All the above carrying values of financial assets and liabilities are considered by management to be approximate to their fair values at each reporting date disclosed. Due to the short-term nature of the financial instruments held at amortised cost their carrying value is deemed to be an accurate reflection of their fair value.

20. Financial risk management policies and objectives

The Company's financial instruments comprise of intercompany receivables and payables that arise directly from its operations.

Interest rate risk
The Company has no exposure to interest rate risk, as it does not hold any interest-bearing external debt, cash balances, or investment instruments. The intercompany receivable and payable balances are non-interest-bearing, and therefore fluctuations in market interest rates have no impact on the Company's results or financial position.

Credit risk
The Company's exposure to credit risk is limited as the only financial asset recognised on the balance sheet is an intercompany receivable due from a fellow group undertaking. The directors consider the credit risk associated with this balance to be low, as the counterparty is a related party within the Corpay group with a history of timely settlement and sufficient financial capacity to meet its obligations when due.

Liquidity risk
Liquidity risk is defined as the risk that the Company, although solvent, either does or does not have sufficient available resources to enable it to meet its obligations as they fall due, or can secure them only at excessive cost.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

20. Financial risk management policies and objectives (continued)

The maturity profile of the Company's financial assets and liabilities at the year-end is set out below.

	Total £000	Within 3 months £000	3-6 months £000	6-12 months £000	Greater than 1 year £000
Financial assets at 30 June 2025					
Restricted cash	**5,579**	**5,579**	-	-	-
Amounts owed by related parties	**860**	-	-	**860**	-
	6,439	**5,579**	-	**860**	-

	Total £000	Within 3 months £000	3-6 months £000	6-12 months £000	Greater than 1 year £000
Financial liabilities at 30 June 2025					
Trade and other creditors	**5,597**	**5,597**	-	-	-
Amounts due to related parties	-	-	-	-	-
Accruals	**423**	**423**	-	-	-
	6,020	**6,020**	-	-	-

	Total £000	Within 3 months £000	3-6 months £000	6-12 months £000	Greater than 1 year £000
Financial assets at 30 June 2024 (Restated)					
Cash and cash equivalents	482	482	-	-	-
Restricted cash	5,613	5,613	-	-	-
Trade and other debtors	267	267	-	-	-
Amounts owed by related parties	119,662	-	-	119,662	-
	126,024	6,362	-	119,662	-

	Total £000	Within 3 months £000	3-6 months £000	6-12 months £000	Greater than 1 year £000
Financial liabilities at 30 June 2024					
Trade and other creditors	6,172	6,172	-		-
Amounts due to related parties	12,264	-	-	3,524	8,740
Accruals	423	423	-	-	-
	18,859	6,595	-	3,524	8,740

21. Capital risk management

The Company's objective in managing capital is to ensure compliance with its regulatory capital requirements and to maintain a strong capital base to support its operations, including addressing the outstanding client-related matter. In August 2025, a breach of the Company's regulatory capital requirements was identified. This breach was fully rectified through the issuance of additional capital amounting to £3.6 million, restoring the Company's capital position to the required regulatory level.

The Company is subject to minimum regulatory capital requirements, which are monitored on an ongoing basis. Following the rectification, management continues to regularly review the Company's capital position to ensure that sufficient capital is maintained at all times to meet regulatory thresholds. Except for the period affected by the breach identified in August 2025, the Company complied with all regulatory capital requirements throughout the year.

Docusign Envelope ID: B6080CA3-E16E-4515-9507-685B234DC82E

21. Capital risk management (continued)

The Company's capital resources consist primarily of equity contributed by its parent undertaking and retained reserves. In managing its capital structure, the Company focuses on maintaining adequate regulatory capital buffers and ensuring that its net asset position remains strong relative to its obligations.

22. Other provisions

The property provision of £160k (2024: £174k) relates to the estimated cost of dilapidations for the Company's old office premises. The provision represents the actual settlement made in September 2025.

23. Called up share capital

	2025 £000	2024 £000
Authorised, allotted, called up and fully paid		
1 (2024: 5,135,001) Ordinary shares of £0.01 each	-	51

Ordinary shares have attached to them full voting, dividend and capital distribution (including on winding up) rights.

On 26 February 2025, the Company issued 100 ordinary shares of £0.01 each at a premium to Project Galaxy Bidco Limited for a total consideration of £141,049.

On 27 February 2025, the Company undertook a share capital reduction to convert its share capital and share premium to distributable reserves.

24. Reserves

Share premium account
Includes any premiums received on issue of share capital. Any transaction costs associated with the issuing of shares are deducted from share premium. During the year, the Company undertook a share capital reduction to convert its share capital and share premium to distributable reserves.

Profit and loss account
Includes all current and prior period retained profits and losses.

25. Pension commitments

Prior to the transfer of the business and operations to related parties, the Company operated a defined contribution pension scheme. The assets of the scheme are held separately from those of the Company in an independently administered fund.

There was no pension cost charge for the current year, as no contributions were payable by the Company to the scheme (2024: £88k). There were also no outstanding contributions payable to the fund at the balance sheet date.

26. Related party transactions

The following intercompany balances were outstanding at the end of the reporting period:
